Week Number: 11

Date: November 3, 2025

Student Name: Abdullah Siddiqui

Original Plan for This Week: (5 points)

- Viewing literature review section revisions based on feedback.
- Finalize dataset cleaning and begin statistical analysis in R based on revisions.
- Ensure all project files are organized and accessible for review.

Tasks Accomplished This Week: (10 points)

- Completed the literature review revisions and ensured all references are in APA 7 format.
- Tried to clean the dataset and ran initial descriptive statistics again.
- Organized all files in GitHub for easy access and shared the public link with Dr. R.

Comparison of Planned vs Actual: (10 points)

Planned Task	Actual Progress	Notes
Literature review revision	Partially Completed	Continue to polish
Dataset cleaning	Completed	Data ready
Begin statistical analysis	Partially completed	Ran descriptive stats and to think based on history

Self-Rating of Progress: (5 points)

- ☒ Met the Planned Tasks
- ☐ Did Not Meet the Planned Tasks

(If you did not meet the planned tasks, please explain why and how you plan to get back on schedule)

Plan for Next Week: (5 points)

- Begin incorporating feedback from Dr. R's upcoming review of the thesis draft and to proceed with other parts and assignments.
- Start designing presentation materials on Canva (outline, visuals, and summary of results).
- Draft potential slides and structure for final presentation.

Evidence of Tasks Completed: (15 points)

(Please provide details of datasets, data analysis, graphs, code etc. as evidence of tasks completed. You can include links to your GitHub repository or other platforms like Kaggle where your work is stored – make sure that the links are set to public access so I can view them)

- Submission confirmation on Canvas.
